

# PRODUCTION CREW

BEAMLINE  
FABRICATION + WELD SHOP  
PAINT + COATING SHOP

**HME, INC.**  
HAAS METAL ENGINEERING

## Beamline

Shot blast beams to clean and prepare the surface. Perform sawing, drilling, scribing and milling. Use robotic plasma to perform intricate operations.

## Fabrication + Weld Shop

Lay out, align and secure parts before welding. Use straight edges, combination squares, tape measures and other tools to complete projects.

*Obtain your AWS Weld Qualification and Requalification on the job!*

## Paint + Coating Shop

Provide surface prep services including primer, painting, and coating options.

## Qualifications

All experience levels welcome.  
No degree required.  
Employer paid training provided.
