

HME, INC.
HAAS METAL ENGINEERING

PART-TIME JOBS

HEADQUARTERS: 2828 NW BUTTON RD. TOPEKA, KS

Haas Metal Engineering (HME) provides high-quality structural steel and custom metal fabrication for the construction industry. From healthcare and warehouses to aviation and stadiums, our teams work on projects of all shapes and sizes, shaping America's skyline one structure at a time.

Unlike other manufacturers, we allow students 16 and older to work in our shops to gain experience and exposure to their future career *before they graduate!*

QUALIFICATIONS

- All experience levels encouraged to apply
- No certification required

BECOME CERTIFIED IN WELDING WHILE WORKING AT HME!

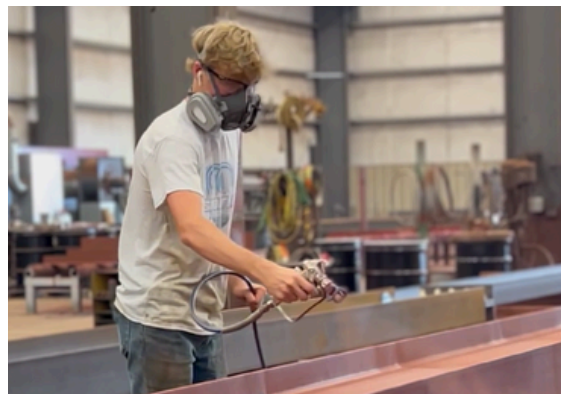

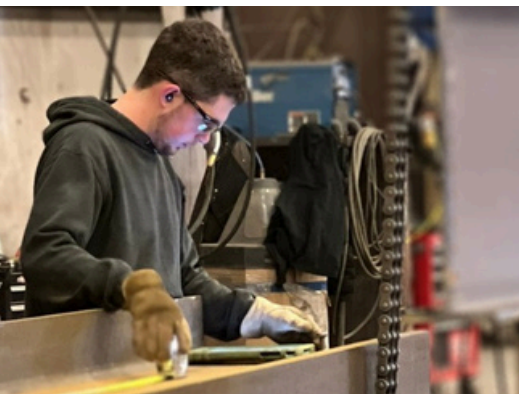

HME PROVIDES

- On-the-job training
- Weekly pay
- Multiple positions
- Bonus opportunities

BUILD YOUR SCHEDULE

We work with you to build a custom schedule, giving you the flexibility to work throughout the school year. Schedules can be adjusted each semester and during winter/summer breaks.
